INTRODUCCION

La Caficultura Hondureña, a pesar de la crisis actual de sobre oferta a nivel mundial, exportó la cantidad de 3,221,352.80 QQ de café generando ingresos de Lps. 2,562,557,589.40 equivalentes a US\$ 167,634,006.64.

Nuestras exportaciones, de acuerdo a certificados de calidad, el 86% corresponde a cafés de altura y estricta altura, cafés que fueron destinados en un 60% a los países europeos.

Para asegurarle al Productor una retribución justa al esfuerzo que de cada día se requiere para deleitarnos con una exquisita taza de café, es indispensable que todos los sectores involucrados se unifiquen para desarrollar estrategias creativas para que las empresas importadoras compartan sus ganancias e incentiven al productor a seguir produciendo café de calidad.

HONDURAS ha incursionado con buen suceso en la promoción de su café, participando en Ferias Nacionales e Internacionales de prestigio; y aunque a corto plazo solo se cuantifica el costo, es a largo plazo cuando se cosecharán los frutos de este esfuerzo; también se requiere invertir en traer expertos en materia de mercadeo, para saber que es lo que nuestros clientes potenciales quieren y cuanto están dispuestos a pagar por ello.

La participación de nuestro País en el Programa Regional de Mejoramiento de Calidad nos dará la oportunidad de formar parte de los países con estándares mínimos de calidad que aseguren que solo el café de calidad estará a disposición de los consumidores.
